**Payment Mode:** Cash or Account Payee Cheque in favor of “**Prantik-Soft**”

**Error and Related Legal Issues:** Prantik-Soft is not responsible for any wrong data entry and its related legal complication.

**Backup and Restore:** The proposed software having own scope of Data Back Up of the Database which can be perform by the customer manually and should be kept in a safe drive. We regret that there is neither any schedule backup nor any online backup service included within the scope of this proposal. Online backup service can be purchased either from Prantik-Soft or any other third party where the customer can back up the data remotely. Prantik-Soft will not liable for anyway if any damage or loss occurs during this transition if the customer purchase this service from any third-party. Standard data backup policy applied if it is a Prantik-Soft service.

**Data Migration:** Data Migration (if required) is an additional scope which will be Justified and quoted separately.

**Source Code/License:** The source code of the software is the intellectual property of Prantik-Soft. So the copy, redistribution, transfer to other company is strictly prohibited.

Force Measure Prantik-Soft will not be responsible for any delays due to acts of violence, strikes, civil commotion, war, fires, floods, earth quakes, hurricanes / tornados / tsunamis, epidemics, nuclear / Pharmaceutical/ biological fall-outs, etc., that have direct impact on execution of the project.

**Unforeseen Cases:** If there is anything arises which are not covered by this quotation, Prantik-Soft or the Customer should mutually resolve the issues.

**Confidentiality:** Prantik-Soft will use reasonable care to prevent the unauthorized use of dissemination of customer's confidential information. Reasonable care means at least the same degree of care Developer uses to protect its own confidential information from unauthorized disclosure. The contents of this proposal are strictly confidential and neither Prantik-Soft nor Client shall divulge any information contained herein without obtaining prior written approval.

**Customization On Demand:** Prantik-Soft offers related customization for application, But separate price quotation and FRD (Functional Require Document) are required.

Note – actual days and development days have some discrepancy to accommodate weekends, and holidays. The proposed schedule is assuming no delay in feedback from ITL to approval, fixes, and sign-off. Delays caused at the client side, may cause additional delays development side due to scheduling issues within the development team's job queue. Every effort will be made to provide appropriate priority for this project so as to minimize such delays. In any event, significant delays resulting from such scheduling interruptions will be communicated to the client at the earliest possible occasion.
